General Information

About this booklet

The information in this employee benefits booklet is important to you. It provides the information you need about the group benefits available through your employer's group contract with Sun Life Assurance Company of Canada (*Sun Life*), a member of the Sun Life Financial group of companies.

Your group benefits may be modified after the effective date of this booklet. You will receive notification of changes to your group plan. The notification will supplement your group benefits booklet and should be kept in a safe place together with this booklet.

If you have any questions about the information in this employee benefits booklet, or you need additional information about your group benefits, please contact your employer.

The contract holder, McMaster University, self-insures the following benefits:

- Extended Health Care
- Emergency Travel Assistance
- Dental Care

This means that McMaster University plays a role similar to that of an insurance company for its employees. McMaster University has the sole legal and financial liability for the benefits listed above and funds the claims from its net income, retained earnings or other financial resources. Sun Life provides administrative services only (ASO) such as claims processing. All other benefits are insured by Sun Life.

Eligibility

To be eligible for group benefits, you must:

- be a resident of Canada.

- be enrolled in your provincial health care plan, and
- hold a Faculty appointment at McMaster for a minimum duration of twelve (12) months or more.

There is no waiting period for your group plan.

We consider you to be actively working if you are performing all the usual and customary duties of your job with your employer for the scheduled number of hours for that day. This includes scheduled non-working days and any scheduled period of paid vacation if you were actively working on the last scheduled working day. We do not consider you to be actively at work if you are receiving disability benefits or are participating in a rehabilitation program.

Your dependents become eligible for coverage on the date you become eligible or the date they first become your dependent, whichever is later. You must enrol for coverage for yourself in order for your dependents to be eligible.

Eligibility for Long-Term Disability

Premiums for the Long Term Disability (LTD) Plan are employee paid. Participation in the LTD Plan is mandatory for employees in permanent appointments, or in contractual appointments of one year's duration or more; excluding clinical faculty members, postdoctoral fellows, clinical fellows, eastburn fellows, research fellows, teaching fellows, conversational assistants and those whose collective agreement preclude enrolment in this plan (i.e., hourly employees). For further information please contact your Human Resources representative or visit their website.

Who qualifies as your dependent

Your dependent must:

- be your spouse or child, and
- be a resident of Canada or the United States, and
- maintain provincial health coverage.

Your spouse by marriage or under any other formal union recognized by law, or your partner of the opposite sex or of the same sex who has been publicly represented as your spouse for at least the last twelve (12) months, is an eligible dependent. You can only cover one spouse

at a time.

Your children and your spouse's children (other than foster children) are eligible dependents:

- who are unmarried and under age 21.
- for whom you have actual custody or legal financial responsibility.

A child who is a full-time student attending an educational institution recognized under the Income Tax Act (Canada) is also considered an eligible dependent until the age of 25 as long as the child is entirely dependent on you for financial support and you have actual custody or legal financial responsibility.

If a child becomes handicapped before the limiting age, we will continue coverage as long as:

- the child is incapable of financial self-support because of a physical or mental disability, and
- the child depends on you for financial support, and is not married nor in any other formal union recognized by law.

In these cases, you must notify Sun Life within 31 days of the date the child attains the limiting age. Your employer can give you more information about this.

Enrolment

You have to enrol to receive coverage. To enrol, you must request coverage in writing by supplying the appropriate enrolment information to your employer. For a dependent to receive coverage, you must request dependent coverage.

Please see your employer for the appropriate enrolment forms.

Proof of good health will be required when you request Optional Life coverage and any increase in that coverage. Coverage will not take effect before Sun Life approves the proof of good health.

When coverage begins

Your coverage begins on the date you become eligible for coverage.

If you are not actively working on the date coverage would normally begin, your coverage will not begin until you return to active work.

Dependent coverage begins on the date your coverage begins or the date you first have an eligible dependent, whichever is later.

However, for a dependent, other than a newborn child, who is hospitalized, coverage will begin when the dependent is discharged from hospital and is actively pursuing normal activities.

Once you have dependent coverage, any subsequent dependents will be covered automatically.

If there are additional conditions for a particular benefit, these conditions will appear in the appropriate benefit section later in this booklet.

Changes affecting your coverage

From time to time, there may be circumstances that change your coverage.

For example, your employment status may change, or your employer may change the group contract. Any resulting change in the coverage will take effect on the date of the change in circumstances.

The following exceptions apply if the result of the change is an increase in coverage:

- if proof of good health is required, the change cannot take effect before Sun Life approves the proof of good health.
- if you are not actively working when the change occurs or when Sun Life approves proof of good health, the change cannot take effect before you return to active work.
- if a dependent, other than a newborn child, is hospitalized on the date when the change occurs, the change in the dependent's coverage cannot take effect before the dependent is discharged and is actively pursuing normal activities.

Updating your records

To ensure that coverage is kept up-to-date, it is important that you report any of the following changes to your employer:

- change of dependents.
- change of name.
- change of beneficiary.
- coverage students.
- change of address.

Accessing your records

For insured benefits, you may obtain copies of the following documents:

- your enrolment form or application for insurance.
- any written statements or other record, not otherwise part of the application, that you provided to Sun Life as evidence of insurability.

For insured benefits, on reasonable notice, you may also request a copy of the contract.

The first copy will be provided at no cost to you but a fee may be charged for subsequent copies.

All requests for copies of documents should be directed to one of the following sources:

- our website at www.mysunlife.ca.
- our Customer Care centre by calling toll-free at 1-800-361-6212.

When coverage ends

As an employee, your coverage will end on the earlier of the following dates:

- the date your employment ends.

- the date you are no longer actively working.
- the end of the period for which premiums have been paid to Sun Life for your coverage.
- the date the group contract ends.
- the date you retire. McMaster University provides eligible retirees with a comprehensive post-retirement benefits package. To find out if you are eligible please contact your Human Resources representative.

A dependent's coverage terminates on the earlier of the following dates:

- the date your coverage ends.
- the date the dependent is no longer an eligible dependent.

The termination of coverage may vary from benefit to benefit. For information about the termination of a specific benefit, please refer to the appropriate section of this employee benefits booklet.

However, if you die while covered by this plan, Extended Health Care and Dental Care coverage for your dependents will continue as follows

- if you are under the age of 55, coverage will continue for one year after the date of your death and, thereafter, coverage may be renewed annually for a maximum of four additional years at the cost of the surviving dependent.
- if you are age 55 or older but are not eligible for an immediate unreduced pension, coverage will continue as long as the person would be considered a dependent if you were still alive if the dependent chooses the monthly pension option. If your dependent chooses the lump sum pension option, coverage will continue for one year after the date of your death and, thereafter, coverage may be renewed annually for a maximum of four additional years at the cost of the surviving dependent.

- if you are eligible for an immediate unreduced pension, coverage will continue as long as the person would be considered a dependent if you were still alive, regardless of which pension option was chosen subject to eligibility for post-retirement benefits. To find out if you are eligible please contact your Human Resources representative.

Continuation of coverage will end on the date that any benefit provision under which the dependent is covered terminates.

For the Optional Dependent Accidental Death and Dismemberment benefit, coverage will continue without further payment of premiums, subject to all other terms of this policy until the earlier of the following dates:

- 6 months after the date of your death.
- the date the person would no longer be considered your dependent under this plan if you were still alive.
- the date the benefit provision under which the dependent is covered terminates.
- the date of termination of the policy.

Replacement coverage

The group contract will be interpreted and administered according to all applicable legislation and the guidelines of the Canadian Life and Health Insurance Association concerning the continuation of insurance following contract termination and the replacement of group insurance.

Sun Life will not be responsible for paying benefits if an insurer under a previous group contract is responsible for paying similar benefits.

If such legislation or guidelines require that Sun Life resume paying certain benefits because of a recurrence of an employee's total disability, Sun Life will resume payment at the same amount and for the remainder of the maximum benefit period.

Making claims

Sun Life is dedicated to processing your claims promptly and efficiently. You should contact your employer to get the proper form to

make a claim.

There are time limits for making claims. These limits are discussed in the appropriate sections of this employee benefits booklet. If you fail to abide by these time limits, you may not be entitled to some or all benefit payments.

All claims must be made in writing on forms approved by Sun Life.

For the assessment of a claim, Sun Life may require medical records or reports, proof of payment, itemized bills, or other information Sun Life considers necessary. Proof of claim is at your expense.

Legal actions for insured benefits

Every action or proceeding against the insurer for the recovery of insurance money payable under the contract is absolutely barred unless commenced within the time set out in the *Limitations Act, 2002* (Ontario) or other applicable statute.

Legal actions for self-insured benefits

Every action or proceeding against the insurer or employer for recovery of money payable under the contract is absolutely barred unless commenced within the time set out in the *Limitations Act, 2002* (Ontario) or other applicable statute.

Claims services

The following services have been set up to assist you in better understanding your Benefit Programs. You may direct your questions, comments or concerns to your Human Resources representative at McMaster University.

If you have a question concerning a specific medical or dental claim, please call Sun Life at 1.800.361.6212. Your name, policy number (25018) and certificate number (employee ID number), which are shown on your Sun Life card should be provided. You may also email Sun Life at askus@sunlife.com.

In addition to the above information, please include your spouse or dependents' name as applicable, type of claim and your phone number.

If the question is about a claim that has already been paid or declined, provide the "claim" or "control" number located on your Explanation

of Benefits (EOB).

If you have a question concerning your coverages for Life, Long-Term Disability or the Emergency Travel Assistance benefit, please contact your Human Resources representative.

If you need forms for claims or to make positive enrolment changes please contact your Human Resources representative or access the forms on line at www.workingatmcmaster.ca on their website.

All eligibility issues are between you and the University. Sun Life pays claims based on information you provide to the University. If claims are submitted and you have not enrolled your dependents, they will not be covered. Only expenses incurred after the date of enrolment can be honoured. If a problem arises, call your Human Resources representative.

All questions regarding what constitutes reasonable and necessary expenses are determined by the insurer in accordance with our contract and common practices within the insurance industry for policies of this type. Where you have questions that concern a particular treatment, or plan of treatment, you should contact Sun Life.

Proof of disability

From time to time, Sun Life can require that you provide us with proof of your total disability. If you do not provide this information within 90 days of the request, you will not be entitled to benefits.

Coordination of benefits

If you or your dependents are covered for Extended Health Care or Dental Care under this plan and another plan, our benefits will be coordinated with the other plan following insurance industry standards. These standards determine which plan you should claim from first.

The plan that does not contain a coordination of benefits clause is considered to be the first payer and therefore pays benefits before a plan which includes a coordination of benefits clause.

For dental accidents, health plans with dental accident coverage pay benefits before dental plans.

The maximum amount that you can receive from all plans for eligible expenses is 100% of actual expenses.

Where both plans contain a coordination of benefits clause, claims must be submitted in the order described below.

Claims for you and your spouse should be submitted in the following order:

- the plan where the person is covered as an employee. If the person is an employee under two plans, the following order applies:
- the plan where the person is covered as an active full-time employee.
- the plan where the person is covered as an active part-time employee.
- the plan where the person is covered as a retiree.
- the plan where the person is covered as a dependent.

Claims for a child should be submitted in the following order:

- the plan where the child is covered as an employee.
- the plan where the child is covered under a student health or dental plan provided through an educational institution.
- the plan of the parent with the earlier birth date (month and day) in the calendar year. For example, if your birthday is May 1 and your spouse's birthday is June 5, you must claim under your plan first.
- the plan of the parent whose first name begins with the earlier letter in the alphabet, if the parents have the same birth date.

The above order applies in all situations except when parents are separated/divorced and there is no joint custody of the child, in which case the following order applies:

- the plan of the parent with custody of the child.
- the plan of the spouse of the parent with custody of the child.
- the plan of the parent not having custody of the child.
- the plan of the spouse of the parent not having custody of the child.

When you submit a claim, you have an obligation to disclose to Sun Life all other equivalent coverage that you or your dependents have.

Your employer can help you determine which plan you should claim from first.

Medical examination We can require you to have a medical examination if you make a claim for benefits. We will pay for the cost of the examination. If you fail or refuse to have this examination, we will not pay any benefit.

Recovering overpayments We have the right to recover all overpayments of benefits either by deducting from other benefits or by any other available legal means.

Definitions Here is a list of definitions of some terms that appear in this employee benefits booklet. Other definitions appear in the benefit sections.

Accident An accident is a bodily injury that occurs solely as a direct result of a violent, sudden and unexpected action from an outside source.

Basic earnings Basic earnings are the salary you receive from your employer excluding any bonus or overtime pay.

For the Life coverage, if you are on a pre-retirement reduced work load, basic earnings will be based on your full-time earnings as defined above.

For the Life coverage, if you are on a general reduced work load, basic earnings will be prorated according to your reduced earnings for the duration of your participation in the reduced workload program.

Doctor A doctor is a physician or surgeon who is licensed to practice medicine where that practice is located.

Illness An illness is a bodily injury, disease, mental infirmity or sickness. Any surgery needed to donate a body part to another person which causes total disability is an illness.

Normal retirement age The normal retirement age is the 30th day of June coincident with or next following the date you attain age 65.

Retirement date and disability If you are totally disabled, your retirement is the date you attain the normal retirement age, unless you have actually retired before then.

We, our and us We, our and us mean Sun Life Assurance Company of Canada.

Extended Health Care (Medicare Supplement)

**General description
of the coverage**

The contract holder has the sole legal and financial liability for this benefit. Sun Life only acts as administrator on behalf of the contract holder.

In this section, *you* means the employee and all dependents covered for Extended Health Care benefits.

Extended Health Care coverage pays for eligible services or supplies for you that are medically necessary for the treatment of an illness. *Medically necessary* means generally recognized by the Canadian medical profession as effective, appropriate and required in the treatment of an illness in accordance with Canadian medical standards.

To qualify for this coverage you must be entitled to benefits under a provincial medicare plan or federal government plan that provides similar benefits.

An expense must be claimed for the benefit year in which the expense is incurred. You incur an expense on the date the service is received or the supplies are purchased or rented.

The benefit year is from July 1 to June 30.

Deductible

The deductible is the portion of claims that you are responsible for paying.

For general medical devices the deductible is \$50 each benefit year for each person.

For prescription drugs the deductible is the portion of any dispensing fee over \$6.50 for each prescription or refill.

For other expenses, there is no deductible.

Prescription drugs

We will cover the cost of the following drugs and supplies that are prescribed by a doctor or dentist and are obtained from a pharmacist. Drugs covered under this plan must have a Drug Identification Number (DIN) in order to be eligible.

- drugs that legally require a prescription.
- life-sustaining drugs that may not legally require a prescription.
- injectable drugs and vitamins.
- compounded preparations, provided that the principal active ingredient is an eligible expense and has a DIN.
- diabetic supplies.
- drugs for the treatment of infertility, up to a lifetime maximum of \$2,400 for each person.
- drugs for the treatment of sexual dysfunction, up to a maximum of \$1,200 per person in a benefit year.
- Xenical for the treatment of weight loss.
- products to help a person quit smoking that legally require a prescription, up to a lifetime maximum of \$500 for each person.
- vaccines that legally require a prescription.
- intrauterine devices (IUDs) and diaphragms.
- colostomy supplies.
- varicose vein injections.

We will cover 100% of the cost of the above drugs and supplies after you pay the deductible.

Payments for any single purchase are limited to quantities that can reasonably be used in a 34 day period or, in the case of certain

maintenance drugs, in a 100 day period as ordered by a doctor.

We will not pay for the following, even when prescribed:

- infant formulas (milk and milk substitutes), minerals, proteins, vitamins and collagen treatments.
- the cost of giving injections, serums and vaccines.
- treatments for weight loss, including drugs, proteins and food or dietary supplements, except as noted above.
- hair growth stimulants.
- drugs that are used for cosmetic purposes.
- natural health products, whether or not they have a Natural Product Number (NPN).
- drugs and treatments, and any services and supplies relating to the administration of the drug and treatment, administered in a hospital, on an in-patient or out-patient basis, or in a government-funded clinic or treatment facility

***Drug substitution
limit***

Charges in excess of the lowest priced equivalent drug are not covered unless specifically approved by Sun Life. To assess the medical necessity of a higher priced drug, Sun Life will require you and your doctor to complete and submit an exception form.

***Other health
professionals allowed
to prescribe drugs***

We reimburse certain drugs prescribed by other qualified health professionals the same way as if the drugs were prescribed by a doctor or a dentist if the applicable provincial legislation permits them to prescribe those drugs.

**Hospital expenses in
your province**

We will cover 100% of the Plan maximum for hospital care in the province where you live.

We will cover out-patient services in a hospital, except for any services explicitly excluded under this benefit, and the difference between the cost of a ward and a semi-private hospital room up to a maximum of

\$110 per day.

We will also cover out-patient services in a hospital, except for any services explicitly excluded under this benefit, and the difference between the cost of a ward and a private hospital room up to a maximum of \$10 per day.

Where the cost of the room exceeds this \$110 per day limit, and where the out-of-pocket cost for the hospital room exceeds \$300 per person per benefit year, your out-of-pocket eligible expenses beyond \$300 will be reimbursed.

We will also cover the cost of room and board in a convalescent hospital if this care has been ordered by a doctor as long as it is primarily for rehabilitation, and not for custodial care.

We will also cover the cost of confinement in a rehabilitation centre which is operated by the province of Ontario for treatment of drug addiction or alcoholism, provided the cost has been approved in writing by Sun Life.

The maximum amount payable for convalescent hospital or for a rehabilitation centre is \$20 per day up to a maximum of 120 days in a benefit year.

For purposes of this plan, a *convalescent hospital* is a facility licensed to provide convalescent care and treatment for sick or injured patients on an in-patient basis. Nursing and medical care must be available 24 hours a day. It does not include a nursing home, rest home, home for the aged or chronically ill, sanatorium or a facility for treating alcohol or drug abuse.

A *hospital* is a facility licensed to provide care and treatment for sick or injured patients, primarily while they are acutely ill. It must have facilities for diagnostic treatment and major surgery. Nursing care must be available 24 hours a day. It does not include a nursing home, rest home, home for the aged or chronically ill, sanatorium, convalescent hospital or a facility for treating alcohol or drug abuse or beds set aside for any of these purposes in a hospital.

Expenses out of your province

We will cover emergency services while you are outside the province where you live. We will also cover referred services.

For both emergency services and referred services, we will cover the cost of:

- a semi-private hospital room.
- other hospital services provided outside of Canada.
- out-patient services in a hospital.
- the services of a doctor.

Expenses for all other services or supplies eligible under this plan are also covered when they are incurred outside the province where you live, subject to the reimbursement level and all conditions applicable to those expenses.

Emergency services

We will pay 100% of the cost of covered emergency services.

We will only cover emergency services obtained within 120* days of the date you leave the province where you live. If hospitalization occurs within this period, in-patient services are covered until the date you are discharged.

*Coverage may be extended for a longer period. Please contact your Human Resources representative for eligibility requirements.

*Coverage is limited to 60 days and is no longer available to dependents effective December 1st of the year the employee reaches age 69.

Emergency services mean any reasonable medical services or supplies, including advice, treatment, medical procedures or surgery, required as a result of an emergency. When a person has a chronic condition, emergency services do not include treatment provided as part of an established management program that existed prior to the person leaving the province where the person lives.

Emergency means an acute illness or accidental injury that requires immediate, medically necessary treatment prescribed by a doctor.

At the time of an emergency, you or someone with you must contact Sun Life's Emergency Travel Assistance provider, AZGA Service Canada Inc. (*Allianz Global Assistance*). All invasive and investigative procedures (including any surgery, angiogram, MRI, PET scan, CAT scan), must be pre-authorized by Allianz Global Assistance prior to being performed, except in extreme circumstances where surgery is performed on an emergency basis immediately following admission to a hospital.

If contact with Allianz Global Assistance cannot be made before services are provided, contact with Allianz Global Assistance must be made as soon as possible afterwards. If contact is not made and emergency services are provided in circumstances where contact could reasonably have been made, then Sun Life has the right to deny or limit payments for all expenses related to that emergency.

An emergency ends when you are medically stable to return to the province where you live.

***Emergency services
excluded from
coverage***

Any expenses related to the following emergency services are not covered:

- services that are not immediately required or which could reasonably be delayed until you return to the province where you live, unless your medical condition reasonably prevents you from returning to that province prior to receiving the medical services.
- services relating to an illness or injury which caused the emergency, after such emergency ends.
- continuing services, arising directly or indirectly out of the original emergency or any recurrence of it, after the date that Sun Life or Allianz Global Assistance, based on available medical evidence, determines that you can be returned to the province where you live, and you refuse to return.

- services which are required for the same illness or injury for which you received emergency services, including any complications arising out of that illness or injury, if you had unreasonably refused or neglected to receive the recommended medical services.
- where the trip was taken to obtain medical services for an illness or injury, services related to that illness or injury, including any complications or any emergency arising directly or indirectly out of that illness or injury.

Referred services *Referred services* must be for the treatment of an illness and ordered in writing by a doctor located in the province where you live. We will pay 80% of the costs of referred services. Your provincial medicare plan must agree in writing to pay benefits for the referred services.

All referred services must be:

- obtained in Canada, if available, regardless of any waiting lists, and
- covered by the medicare plan in the province where you live.

However, if referred services are not available in Canada, they may be obtained outside of Canada.

Referred services out of your province Expenses incurred for referred services outside the province where you live are subject to a lifetime maximum of \$10,000 per person or, if lower, any other applicable lifetime maximum.

Emergency services outside Canada Expenses incurred for emergency services outside Canada are subject to a lifetime maximum of \$3,000,000 per person or, if lower, any other applicable lifetime maximum.

Private duty nurse services

We will cover out-of-hospital private duty nurse services when medically necessary and when ordered by a doctor. Services must be for nursing care, and not for custodial care. The private duty nurse must be a nurse, or nursing assistant who is licensed, certified or registered in the province where you live and who does not normally live with you. The services of a registered nurse are eligible only when someone with lesser qualifications cannot perform the duties.

We will cover 40% of the first \$25,000 of eligible expenses (equals \$10,000) and where eligible expenses exceed \$25,000, we will pay 80% of the next \$25,000 (equals \$20,000) of eligible expenses per person. Each benefit year after a claim has been paid, 1/2 of the amount utilized will be reinstated. After 2 benefit years with no claims, entitlement is returned to full coverage.

Ambulance services

We will cover 100% of the costs for the ambulance services listed below when ordered by a doctor.

- transportation in a licensed ambulance, if medically necessary, that takes you to and from the nearest hospital that is able to provide the necessary medical services. Expenses incurred outside Canada for emergency services will be paid based on the conditions specified above for emergency services under *Expenses out of your province*.
- transportation in a licensed air ambulance, if medically necessary, that takes you to the nearest hospital that provides the necessary emergency services. Expenses incurred outside Canada for emergency services will be paid based on the conditions specified above for emergency services under *Expenses out of your province*.

Tests and services

We will cover 100% of the costs for the medical services listed below when ordered by a doctor.

- the following diagnostic services rendered out of a hospital, except if the covered person's provincial plan prohibits payment of these expenses:

- laboratory tests.
- ultrasounds.
- radiotherapy or coagulotherapy.
- oxygen, plasma and blood transfusions.
- intravenous pumps.

**Assistive medical
devices
guidelines/overview**

All benefits payable under the provincial assistance devices program, or by any other group program or community organization should be claimed first. Further information on the Ontario Assistive Devices Program (ADP) is available through the Operational Support Branch of the Ontario Ministry of Health and Long Term Care.

Equipment must be ordered by a doctor as necessary for a medical condition.

The plan is intended to reimburse individuals for devices purchased that are considered reasonable and customary services or for expenses in the treatment of the illness or injury.

Devices necessary for sports and recreation are not covered.

The plan is limited to the purchase of one device for the intended purpose in any year and is not generally liable for lost or damaged devices, nor repair or maintenance of such devices, unless otherwise noted.

Devices may be replaced when the normal lifetime of such devices has expired.

All amounts eligible under the plan are based on expenses beyond those payments from other sources unless otherwise noted.

Emergency Travel Assistance

**General description
of the coverage**

The contract holder has the sole legal and financial liability for this benefit. Sun Life only acts as administrator on behalf of the contract holder.

In this section, *you* means the employee and all dependents covered for Emergency Travel Assistance benefits.

If you are faced with a medical emergency when travelling outside of the province where you live, AZGA Service Canada Inc. (*Allianz Global Assistance*) can help.

Emergency means an acute illness or accidental injury that requires immediate, medically necessary treatment prescribed by a doctor.

This benefit, called **Medi-Passport**, supplements the emergency portion of your Extended Health Care coverage. It only covers emergency services that you obtain within 120* days of leaving the province where you live. If hospitalization occurs within this time period, in-patient services are covered until you are discharged.

*Coverage may be extended for a longer period. Please contact your Human Resources representative for eligibility requirements.

*Coverage is limited to 60 days and is no longer available to dependents effective December 1st of the year the employee reaches age 69.

The Medi-Passport coverage is subject to any maximum applicable to the emergency portion of the Extended Health Care benefit. The emergency services excluded from coverage, and all other conditions, limitations and exclusions applicable to your Extended Health Care coverage also apply to Medi-Passport.

We recommend that you bring your Travel card with you when you

travel. It contains telephone numbers and the information needed to confirm your coverage and receive assistance.

Getting help

At the time of an emergency, you or someone with you must contact Allianz Global Assistance. If contact with Allianz Global Assistance cannot be made before services are provided, contact with Allianz Global Assistance must be made as soon as possible afterwards. If contact is not made and emergency services are provided in circumstances where contact could reasonably have been made, then Sun Life has the right to deny or limit payments for all expenses related to that emergency.

Access to a fully staffed coordination centre is available 24 hours a day. Please consult the telephone numbers on the Travel card.

Allianz Global Assistance may arrange for:

On the spot medical assistance

Allianz Global Assistance will provide referrals to physicians, pharmacists and medical facilities.

As soon as Allianz Global Assistance is notified that you have a medical emergency, its staff, or a physician designated by Allianz Global Assistance, will, when necessary, attempt to establish communications with the attending medical personnel to obtain an understanding of the situation and to monitor your condition. If necessary, Allianz Global Assistance will also guarantee or advance payment of the expenses incurred to the provider of the medical service.

Allianz Global Assistance will provide translation services in any major language that may be needed to communicate with local medical personnel.

Allianz Global Assistance will transmit an urgent message from you to your home, business or other location. Allianz Global Assistance will keep messages to be picked up in its offices for up to 15 days.

Transportation home or to a different medical facility

Allianz Global Assistance may determine, in consultation with an attending physician, that it is necessary for you to be transported under medical supervision to a different hospital or treatment facility or to be sent home.

In these cases, Allianz Global Assistance will arrange, guarantee, and if necessary, advance the payment for your transportation.

Sun Life or Allianz Global Assistance, based on available medical evidence, will make the final decision whether you should be moved, when, how and to where you should be moved and what medical equipment, supplies and personnel are needed.

Meals and accommodations expenses

If your return trip is delayed or interrupted due to a medical emergency or the death of a person you are travelling with who is also covered by this benefit, Allianz Global Assistance will arrange for your meals and accommodations at a commercial establishment. We will pay a maximum of \$150 a day for each person for up to 7 days.

Allianz Global Assistance will arrange for meals and accommodations at a commercial establishment, if you have been hospitalized due to a medical emergency while away from the province where you live and have been released, but, in the opinion of Allianz Global Assistance, are not yet able to travel. We will pay a maximum of \$150 a day for up to 5 days.

Travel expenses home if stranded

Allianz Global Assistance will arrange and, if necessary, advance funds for transportation to the province where you live:

- for you, if due to a medical emergency, you have lost the use of a ticket home because you or a dependent had to be hospitalized as an in-patient, transported to a medical facility or repatriated; or
- for a child who is under the age of 16, or mentally or physically handicapped, and left unattended while travelling with you when you are hospitalized outside the province where you live, due to a medical emergency.

If necessary, in the case of such a child, Allianz Global Assistance will

also make arrangements and advance funds for a qualified attendant to accompany them home. The attendant is subject to the approval of you or a member of your family.

We will pay a maximum of the cost of the transportation minus any redeemable portion of the original ticket.

Travel expenses of family members

Allianz Global Assistance will arrange and, if necessary, advance funds for one round-trip economy class ticket for a member of your immediate family to travel from their home to the place where you are hospitalized if you are hospitalized for more than 7 consecutive days, and:

- you are travelling alone, or
- you are travelling only with a child who is under the age of 16 or mentally or physically handicapped.

We will pay a maximum of \$150 a day for the family member's meals and accommodations at a commercial establishment up to a maximum of 7 days.

Repatriation

If you die while out of the province where you live, Allianz Global Assistance will arrange for all necessary government authorizations and for the return of your remains, in a container approved for transportation, to the province where you live. We will pay a maximum of \$5,000 per return.

Vehicle return

Allianz Global Assistance will arrange and, if necessary, advance funds up to \$500 for the return of a private vehicle to the province where you live or a rental vehicle to the nearest appropriate rental agency if death or a medical emergency prevents you from returning the vehicle.

Lost luggage or documents

If your luggage or travel documents become lost or stolen while you are travelling outside of the province where you live, Allianz Global Assistance will attempt to assist you by contacting the appropriate authorities and by providing directions for the replacement of the luggage or documents.

Coordination of coverage

You do not have to send claims for doctors' or hospital fees to your provincial medicare plan first. This way you receive your refund faster. Sun Life and Allianz Global Assistance coordinate the whole process with most provincial plans and all insurers, and send you a cheque for the eligible expenses. Allianz Global Assistance will ask you to sign a form authorizing them to act on your behalf.

If you are covered under this group plan and certain other plans, we will coordinate payments with the other plans in accordance with guidelines adopted by the Canadian Life and Health Insurance Association.

The plan from which you make the first claim will be responsible for managing and assessing the claim. It has the right to recover from the other plans the expenses that exceed its share.

Limits on advances

Advances will not be made for requests of less than \$200. Requests in excess of \$200 will be made in full up to a maximum of \$10,000.

The maximum amount advanced will not exceed \$10,000 per person per trip unless this limit will compromise your medical care.

Reimbursement of expenses

If, after obtaining confirmation from Allianz Global Assistance that you are covered and a medical emergency exists, you pay for services or supplies that were eligible for advances, Sun Life will reimburse you.

To receive reimbursement, you must provide Sun Life with proof of the expenses within 30 days of returning to the province where you live. Your employer can provide you with the appropriate claim form.

Your responsibility for advances

You will have to reimburse Sun Life for any of the following amounts advanced by Allianz Global Assistance:

- any amounts which are or will be reimbursed to you by your provincial medicare plan.
- that portion of any amount which exceeds the maximum amount of your coverage under this plan.

- amounts paid for services or supplies not covered by this plan.
- amounts which are your responsibility, such as deductibles and the percentage of expenses payable by you.

Sun Life will bill you for any outstanding amounts. Payment will be due when the bill is received. You can choose to repay Sun Life over a 6 month period, with interest at an interest rate established by Sun Life from time to time. Interest rates may change over the 6 month period.

Limits on Emergency Travel Assistance coverage

There are countries where Allianz Global Assistance is not currently available for various reasons. For the latest information, please call Allianz Global Assistance before your departure.

Allianz Global Assistance reserves the right to suspend, curtail or limit its services in any area, without prior notice, because of:

- a rebellion, riot, military up-rising, war, labour disturbance, strike, nuclear accident or an act of God.
- the refusal of authorities in the country to permit Allianz Global Assistance to fully provide service to the best of its ability during any such occurrence.

Liability of Sun Life or Allianz Global Assistance

Neither Sun Life nor Allianz Global Assistance will be liable for the negligence or other wrongful acts or omissions of any physician or other health care professional providing direct services covered under this group plan.

Dental Care

**General description
of the coverage**

The contract holder has the sole legal and financial liability for this benefit. Sun Life only acts as administrator on behalf of the contract holder.

In this section, *you* means the employee and all dependents covered for Dental Care benefits.

Dental Care coverage pays for eligible expenses that you incur for dental procedures provided by a licensed dentist, denturist, dental hygienist and anaesthetist while you are covered by this group plan.

For each dental procedure, we will only cover reasonable expenses. We will not cover more than the fee stated in the Dental Association Fee Guide for general practitioners of the province of Ontario, regardless of where the treatment is received.

If services are provided by a board qualified specialist in endodontics, prosthodontics, oral surgery, periodontics, paedodontics or orthodontics whose dental practice is limited to that speciality, then 120% of the fee guide approved by the Ontario Dental Association for that specialist will be used.

When a fee guide is not published for a given year, the term *fee guide* may also mean an adjusted fee guide established by Sun Life.

When deciding what we will pay for a procedure, we will first find out if other or alternate procedures could have been done. These alternate procedures must be part of usual and accepted dental work and must obtain as adequate a result as the procedure that the dentist performed. We will not pay more than the reasonable cost of the least expensive alternate procedure.

If you receive any temporary dental service, it will be included as part of the final dental procedure used to correct the problem and not as a

separate procedure. The fee for the permanent service will be used to determine the usual and reasonable charge for the final dental service.

An expense must be claimed for the benefit year in which the expense is incurred. You incur an expense on the date your dentist performs a single appointment procedure or an orthodontic procedure. For other procedures which take more than one appointment, you incur an expense once the entire procedure is completed.

The benefit year is from July 1 to June 30.

Deductible

There is no deductible for this coverage.

Expenses out of your province of residence

For expenses incurred for non-emergency dental services out of your province of residence, we will not cover more than the fee stated in the Dental Association Fee Guide for general practitioners of the province of Ontario, regardless of where the treatment is received.

Predetermination

We suggest that you send us an estimate, before the work is done, for any major treatment or any procedure that will cost more than \$500. You should send us a completed dental claim form that shows the treatment that the dentist is planning and the cost. Both you and the dentist will have to complete parts of the claim form. We will tell you how much of the planned treatment is covered. This way you will know how much of the cost you will be responsible for before the work is done.

Long-Term Disability

Please see the General Information section of this booklet for eligibility details.

General description of the coverage

Long-Term Disability coverage provides a benefit to you if you are totally disabled. You qualify for this benefit if you provide proof of claim acceptable to Sun Life that:

- you became totally disabled while covered, and
- you have been under the continuous care of a doctor for the disability since its onset.

For your Long-Term Disability coverage,

- during the elimination period and the following 24 months (this period is known as the **own occupation period**), you will be considered totally disabled while you are continuously unable due to an illness to do each and every duty of your normal occupation, and
- afterwards, you will be considered totally disabled if you are continuously unable due to an illness to do **any** occupation for which you are or may become reasonably qualified by education, training or experience.

Benefits are paid at the end of each month and are based on your coverage on the date you became totally disabled.

If you are totally disabled for part of any month, we will pay 1/30 of the monthly benefit for each day you are totally disabled.

When disability payments begin

Your Long-Term Disability payments begin after you have been totally disabled for an uninterrupted period of 6 months or after the last day benefits are payable under any short-term disability, loss of income or other salary continuation plan, whichever is later. Your employer can provide you with further information on the salary continuance plan.

This period, which must be completed before disability benefits become payable, is the **elimination period**.

If you become totally disabled during a lay-off or approved leave and your coverage continues during this time, you will be eligible for benefit payments following your recall or scheduled return to full-time work with your employer. You must have been totally disabled for an uninterrupted period of 6 months and still be totally disabled on the date you are recalled or scheduled to return to full-time work with your employer.

What we will pay

Here is how we calculate your Long-Term Disability payments. All references to income in this disability provision are to the gross amounts before any deductions.

Step 1: We take 85% of your monthly net income, up to a maximum of \$10,000.

Net Income is your monthly basic earnings reduced by income tax, Québec/Canada pension plan contributions and Employment Insurance premiums. This calculation will be based on the assumption that you have a spouse.

Step 2: We subtract any income provided to you:

- for the same or a subsequent disability under any government-sponsored plan, excluding dependent benefits, employment insurance benefits and automatic cost-of-living increases under any government-sponsored plan that occur after benefits begin.
- for the same or a subsequent disability under any Workers' Compensation Act or similar law, excluding automatic cost-of-living increases that occur after benefits begin.

- under a motor vehicle insurance plan which provides disability benefits to the extent that the law does not prohibit such a deduction.
- under a group plan, including any coverage resulting from your membership in an association of any kind.
- under a retirement or pension plan funded in whole or in part by the employer.
- under any Criminal Injuries Compensation Act or similar law, where allowed by law.
- any amount of income provided for you from any employer by reason of the same or subsequent disability, other than cost of living adjustments provided by the employer.
- under the Québec Parental Insurance Plan.

If you are eligible for any of the income amounts above and do not apply for them, we will still consider them part of your income. We can estimate those benefits and use those amounts when we calculate your payments.

If you receive any of the income amounts above in a lump sum, we will determine the equivalent compensation this represents on a monthly basis using generally accepted accounting principles.

We will not take into account any benefits that began before your disability began. The following will not be considered as income under this plan:

- any amount of income provided for you under any Workers' Compensation Disability Pension which you were receiving on the date you became totally disabled.
- payments under any accidental death and dismemberment plan of the employer.

We have the right to adjust your benefit payments when necessary.

Your Long-Term Disability payment will be increased in January of each year to reflect the average increase, if any, in the Canadian Consumer Price Index over the 12 month period ending 3 months prior to the date of any adjustment. Any percentage increase to your benefit payment cannot exceed 3%. In the event of deflation, we will not decrease your benefit payment.

**Maternity / parental
leave of absence**

Maternity leave agreed to with your employer will begin on the date you and your employer have agreed will be the start of your leave or the date the child is born, whichever is earlier. The leave will end on the date you and your employer have agreed that you will return to active, full-time work or the actual date you return to active, full-time work, whichever is earlier.

Parental leave is the period of time that you and your employer have agreed on.

Sun Life will determine any portions of a maternity or parental leave which are voluntary and any portions which are health-related. The health-related portion of the leave is the period in which a woman can establish, through appropriate medical documentation, that she is unable to work for health reasons related to childbirth or recovery from childbirth.

Long-Term Disability benefits will only be payable for health-related portions of the leave where necessary in order to comply with requirements such as employment standards, human rights and employment insurance, after you have been disabled for an uninterrupted period of 6 months, provided your coverage has been continued.

However, if your employer has a Supplemental Unemployment Benefit (SUB) plan as defined in the Employment Insurance regulations covering the health-related portion of the maternity or parental leave, Sun Life will not pay any benefits under this plan during any period benefits are payable to you under your employer's SUB plan.

Rehabilitation program

You may be required to participate in a rehabilitation program approved by Sun Life in writing.

It may include the involvement of our rehabilitation specialist, part-time work, working in another occupation or vocational training to help you become capable of full-time employment.

Sun Life is under no obligation to approve or continue a rehabilitation program for an employee. We will consider such factors as financial considerations and our opinion on the merits of rehabilitation.

During your rehabilitation program, you may receive your Long-Term Disability payments plus income from other sources. However, if during any month your total income is more than 100% of your pre-disability disposable income as determined by the employer, indexed for inflation, your Long-Term Disability payments will be reduced by the excess.

You should consider participating in a rehabilitation program as soon as possible after becoming totally disabled. If you enter a rehabilitation program during the elimination period, it will not be considered an interruption of the elimination period.

Your participation in a rehabilitation program will be limited to the own occupation period.

Interrupted periods of disability during elimination period

Interrupted periods of total disability due to the same or related causes occurring before the elimination period has been completed are treated as one period of disability and are accumulated to complete the elimination period as long as this benefit is in force and all of the following conditions are met:

- the initial period of total disability lasts for at least 30 days without interruption.
- afterwards, there is no interruption of more than 30 days.
- each period of total disability is completed within 12 months after the start of the elimination period, or as approved by Sun Life in advance in cases where the elimination period is 365

days or more.

The difference between your normal number of scheduled hours and the number of hours actually worked is credited towards the elimination period.

If the Long-Term Disability benefit terminates, any balance of the elimination period must subsequently be completed by uninterrupted total disability.

Interrupted periods of disability after payments begin

If you had a total disability for which we paid Long-Term Disability benefits and total disability occurs again due to the same or related causes, we will consider it a continuation of your previous disability if it occurs within 6 months of the end of your previous disability. You must be covered when total disability reoccurs.

These benefits will be based on your coverage as it existed on the original date of total disability.

Your responsibilities

During your total disability, you must make reasonable efforts to:

- recover from your disability, including participating in any reasonable treatment or rehabilitation program and accepting any reasonable offer of modified duties from your employer.
- return to your own occupation during the first 24 months that benefits are payable.
- obtain training in order to qualify for another occupation if it becomes apparent that you will not be able to return to your own occupation within the first 24 months that benefits are payable.

Your Long-Term Disability payments end on the earlier of the

following dates:

- the date you are no longer totally disabled.
- June 30th following the date that you reach age 65.
- the last day of the month in which you die.

When coverage ends Long-Term Disability coverage will end on June 30th following the day you reach age 65 less the elimination period of 6 months or the day you retire, whichever is earlier. Coverage may also end on an earlier date, as specified in *General Information*.

Payments after coverage ends If the Long-Term Disability plan terminates while you are totally disabled, you are entitled to continue receiving payments, as long as your total disability is uninterrupted, as if the plan were still in effect.

What is not covered We will not pay benefits for any period:

- you are not under the continuous care of a doctor.
- that you do any work for wage or profit except as approved by Sun Life.
- you are not receiving appropriate treatment.
- you are not participating in an approved partial disability or rehabilitation program, if required by Sun Life.
- you are on a leave of absence, strike or lay-off except as stated under *Maternity / parental leave of absence* or except where specifically agreed to by Sun Life.
- you are absent from Canada longer than 4 months due to any reason, unless Sun Life agrees in writing in advance to pay benefits during the period.
- you are serving a prison sentence or are confined in a similar institution.

We will not pay benefits for total disability resulting from:

- the hostile action of any armed forces, insurrection or participation in a riot or civil commotion.
- intentionally self-inflicted injuries.
- participation in a criminal offence.

When and how to make a claim

To make a claim, complete the Notice of Claim for Group Long-Term Disability Benefits that is available from your employer.

We must receive notice of claim on the earlier of the following dates:

- 30 days before the end of the elimination period or, if later, within 6 months after the total disability begins.
- within 30 days of the termination of this Long-Term Disability benefit.

Part of the application process will include filling out claim forms that give us as many details about the claim as possible. You, the attending doctor and your employer will all have to complete claim forms.

In order to receive benefits, we must receive these forms no later than 90 days after the end of the elimination period.

We will assess the claim and send you or your employer a letter outlining our decision.

From time to time, Sun Life can require that you provide us with proof of your total disability. If you do not provide this information within 90 days of this request, you will not be entitled to benefits.

Life Coverage

Note: The Group Life Insurance Plan as outlined below applies to employees hired by McMaster University since January 1, 1996 or to those hired prior to this date who opted to participate in this plan. The Basic Group Life Insurance plan is provided as a benefit of your employment. Employees may choose to participate in Optional Group Life Insurance plan, and are responsible for the cost of this benefit. The premiums are payable through bi-weekly payroll deductions.

The “old” or “grand-fathered” Group Life Insurance Plans (entered into prior to January 1, 1996) are **not** described in this booklet. For further information please contact your Human Resources representative or visit their website.

General description of the Life coverage Your Life coverage provides a benefit for your beneficiary if you die while covered.

Basic Life coverage for you

Amount Your Life benefit is an amount equal to your annual basic earnings, rounded to the next higher \$1,000 (if not already a multiple of \$1,000), subject to the maximum insurable annual basic earnings of \$100,000 multiplied by 175% subject to the maximum benefit of \$175,000.

Coverage ends Your coverage will end on the last day of the month in which you retire or December 1st of the year you reach age 69, whichever is earlier. However, if you are eligible for post-retirement benefits you will receive a Life Insurance benefit in the amount of \$5,000. Coverage may also end on an earlier date, as specified in *General Information*.

If you retire prior to the normal retirement age of 65, you may be eligible to continue a portion of your life coverage. Please contact your Human Resources representative to confirm your eligibility.

Optional Life coverage for you

You must pay the cost of this coverage. Optional life rates are subject to change. Please see your Human Resources representative for current rates.

Amount Your Optional Life benefit is an amount equal to your annual basic earnings, rounded to the next higher \$1,000 (if not already a multiple of \$1,000), subject to the maximum insurable annual basic earnings of \$100,000 multiplied by increments of 25% up to 1000% inclusive subject to the maximum benefit of \$1,000,000.

Proof of good health Required on all optional amounts of coverage.

Coverage ends Your coverage will end on the last day of the month in which you retire or December 1st of the year you reach age 69, whichever is earlier. Coverage may also end on an earlier date, as specified in *General Information*.

Who we will pay

If you die while covered, Sun Life will pay the full amount of your benefit to your last named beneficiary on file with Sun Life.

If you have not named a beneficiary, the benefit amount will be paid to your estate. Anyone can be your beneficiary. You can change your beneficiary at any time, unless a law prevents you from doing so or you indicate that the beneficiary is not to be changed.

A minor cannot personally receive a death benefit under the plan until reaching the age of majority. If you reside outside Québec and are designating a minor as your beneficiary, you may wish to designate someone to receive the death benefits during the time your beneficiary is a minor. If you reside outside Québec and have not designated a trustee, current legislation may require Sun Life to pay the death benefit to the court or to a guardian or public trustee. If you reside in Québec, the death benefit will be paid to the parent(s)/legal guardian of the minor on the minor's behalf. Alternatively, you may wish to designate the estate as beneficiary and provide a trustee with directions in your will. You are encouraged to consult a legal advisor.

**Coverage during
total disability
(Optional Only)**

If you become totally disabled before you retire or reach age 65, whichever is earlier, Life coverage may continue without the payment of premiums as long as you are totally disabled. This continued coverage is subject to the terms of the contract which were in effect on the date you became totally disabled, including reductions and terminations.

Sun Life must receive proof of your total disability within 12 months of the date the disability begins. After that, we can require ongoing proof that you are still totally disabled.

If proof of total disability is approved after an individual insurance policy becomes effective as a result of converting the group Life coverage, the group Life coverage will be reduced by the amount of the individual insurance policy, unless the individual insurance policy is exchanged for a refund of premiums.

Total disability must continue for:

- an uninterrupted period of 6 months before Sun Life will assess your proof of disability, or
- the elimination period for Long-Term Disability if you are entitled to Long-Term Disability payments, whichever is shorter.

If your proof of total disability is approved by Sun Life, this coverage will continue without payment of premiums, from the date total disability begins, until the date you cease to be totally disabled or the date you fail to give Sun Life proof of your continued total disability, whichever is earlier.

For the purposes of your Life coverage, you will be considered totally disabled if you are prevented by illness from performing any occupation you are or may become reasonably qualified for by education, training or experience. However, if you are totally disabled under the Long-Term Disability benefit, you are also considered to be totally disabled under the Life benefit.

Converting Life coverage

If your Life coverage ends or reduces for any reason other than your request, you may apply to convert the group Life coverage to an individual Life policy with Sun Life without providing proof of good health.

Written application must be made to Sun Life, accompanied by the first premium no later than 31 days after coverage ends or is reduced. This is called the 31 day conversion period.

You may choose an individual plan with equivalent coverage to the coverage which terminated or reduced under your plan, but without disability benefits. If equivalent coverage is not provided under an individual plan issued by Sun Life, then Sun Life will offer a plan of equal value. You may instead choose any other individual policy which Sun Life is willing to offer, but without disability benefits.

The amount of individual life insurance will be limited by the following:

- if coverage is terminated or reduced because the group contract is terminated or amended, the amount of a person's individual life insurance policy may not exceed the amount of coverage that is terminated or reduced less any amount of insurance available under another group contract within 31 days.
- if coverage is terminated or reduced for any other reason, the amount may not exceed the amount of coverage that was terminated or reduced.
- if a person is entitled to convert coverage under more than one benefit provision or more than one contract issued by Sun Life to the contract holder, then the sum of the amounts available for conversion under all such benefit provisions cannot exceed \$200,000, or the amount stipulated in any applicable legislation, if greater.
- if a person does not convert the entire amount available for conversion, the individual life insurance cannot be less than the minimum amount which Sun Life issues for the plan selected.
- the premium rate for the individual policy will be based on Sun Life's rate for the sex, plan and age of the person on the effective date of the individual policy. If requested and the person

applying for the insurance is under age 66, the premium rate for the first year will be that of a one year term policy, but the premium rates after the first year will be based on the original age plus one. If an extra premium had been applied to the group premium, then a comparable extra premium may be applied to the individual contract issued as a result of conversion.

- the effective date of the individual policy will be the day following the end of the 31 day conversion period.
- if, after the conversion, a person is insured within 6 months under any Sun Life group contract with the contract holder, the amount of coverage under the group contract will be limited to the amount of the person's coverage under the group contract minus any amount still in effect under the individual life insurance policy.

31 Day Free Cover: When Sun Life receives proof of claim that a person has died during the 31 day conversion period, Sun Life will pay the amount of coverage eligible for conversion, or the amount stipulated in any applicable legislation, if greater.

When and how to make a claim Claims for Life benefits must be made as soon as reasonably possible. Claim forms are available from your employer.
