

Six questions.  
Two minutes.  
One inclusive community.

**McMaster University believes in promoting equity and fairness, and celebrating our rich diversity.**

All McMaster employees are invited to take part in our Employment Equity Census. This six-question census takes less than 2 minutes to complete and it's entirely confidential.

This information allows McMaster to better understand the diversity of its employees and meet any Government of Canada reporting requirements. The result of the census will help us to develop and refine our employment equity strategies and track our progress.

Please take a couple of minutes and complete the census. The census can be found in Mosaic, which is McMaster's PeopleSoft-based administrative information system. Access Mosaic using your MAC ID and password to log in. Find the link under employee self service.

**DIVERSITY  
COUNTS**
