Members of Operations and Maintenance represented by BUC

Participation in the University’s Group RRSP is mandatory for eligible employees newly hired to McMaster into the Operations and Maintenance Bargaining Unit on or after October 1, 2007. Employees in Classification 1 are not able to participate.

Contributing to the Group RRSP Plan

- **Active (regular) employment** - Members are required to contribute 3.5% of base salary up to the Year’s Maximum Pensionable Earnings (“YMPE”) and 5% of base salary above the YMPE. The YMPE for 2018 is \$55,900. The University matches each Member’s required contributions. The total combined employee required contributions and matching University contributions shall not exceed the Income Tax Act maximum contribution limit (the 2018 limit is 18% of earned income up to \$26,230).
- Members have the opportunity to make additional voluntary contributions provided that their total contributions to the plan in a calendar year do not exceed the Income Tax Act maximum contribution limit (the 2018 limit is 18% of earned income up to \$26,230). A Member may elect to commence voluntary contributions via regular payroll deductions at the date on which they are first enrolled in the Group RRSP, or in May of each year. Voluntary contributions may be stopped at any time. Lump sum voluntary contributions may be made at any time by contacting Desjardins Financial.
- Members have the option to contribute while on pregnancy leave, parental leave, family medical leave and WSIB, at the same rate as active employee required contribution rates with employer matching contributions based on active employment rules.
- Members do not have the option to contribute while on unpaid leave of absence or unpaid sick leave.
- Spousal contributions are permitted.
- The University does not match employee voluntary contributions or voluntary spousal contributions.
